

HumaLyte Plus

Ion-Selective Electrolyte Analyzer

- > Na, K, Cl
- > Na, K, Cl, iCa, pH
- > Direct ISE technology
- > Touch screen
- > Autosampler

CLINICAL CHEMISTRY

Human

Diagnostics Worldwide

HumaLyte Plus

Flexibility at it's Best

HumaLyte Plus³

Direct ISE for 3 parameters

- > Na, K, Cl
- > Sample type: whole blood (heparin), serum and plasma (heparin), urine
- > Sample volume 150 µl
- > LCD touch screen
- > Analysis time < 60 seconds/sample
- > Automatic or manual calibration
- > Quality control statistics
- > Result memory and built in printer
- > Automatic washing and rinsing
- > Dimensions: 38 x 35 x 44 cm
- > Net weight: 7.8 kg
- > 110/220 Vac, 60 VA

Cat. No. 17470/10

HumaLyte Plus⁵

Direct ISE for 5 parameters

- > Na, K, Cl, iCa, pH
- > Sample type: whole blood (heparin), serum and plasma (heparin), urine
- > Sample volume 150 µl
- > LCD touch screen
- > Analysis time < 60 seconds/sample
- > Automatic or manual calibration
- > Quality control statistics
- > Result memory and built in printer
- > Automatic washing and rinsing
- > Dimensions: 38 x 35 x 44 cm
- > Net weight: 7.8 kg
- > 110/220 Vac, 60 VA

Cat. No. 17470/20

HumaLyte AUTOSAMPLER

Walk-away-capability on demand

- > Easy add-on
- > 20 sample cup positions + 2 STAT

Cat. No. 17470/30

Measuring range

K⁺ ___ 0.50 – 15.00 mmol/l
Na⁺ ___ 30.0 – 200.0 mmol/l
Cl⁻ ___ 30.0 – 200.0 mmol/l
iCa⁺⁺ ___ 0.10 – 5.00 mmol/l
pH _____ 4.00 – 9.00
